

PROJECT PROFILE

STRATEGIC PLANNING CONSULTING AND PROGRAM DEVELOPMENT '17 *Botanical Research Institute of Texas (BRIT)*

Project Partners provided consulting, facilitating, and program development services for the task force responsible for planning for the historic new educational partnership between Fort Worth Botanic Garden and BRIT. (That educational program is now called GROW). The work together resulted in a detailed program plan that will guide this new collaborative community program for several years to come.

“You kept us on track, on time, and we now have a complete plan of action for the new educational partnership between BRIT and the Fort Worth Botanic Garden, which we are now carrying forward. Thank you.”

Patricia Harrison, M. Ed., Senior Vice President, Director of Education
Botanical Research Institute of Texas (BRIT)

“Project Partners expertly facilitated a strategic planning process for the new BRIT/ Fort Worth Botanic Garden education partnership. They kept the group organized and provided a valuable toolkit to help break down the process into smaller, manageable tasks.”

Sarah Geer, Program Officer
Rainwater Charitable Foundation
