
PROJECT PROFILE

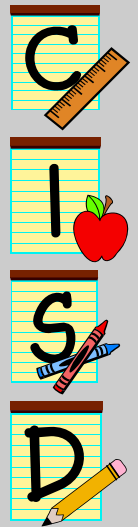

EDUCATOR/INDUSTRY WORK/STUDY TOUR '01

Castleberry I.S.D.

Coordinated a full-day work/study tour for fourteen CISD educators with five west-side employers. Developed and implemented the plan, agenda, program, community outreach, communications, arrangements and support materials.

EVALUATION SUMMARY COMMENTS FROM EDUCATORS

- Great program. Everyone should go through this.
- Hearing from people in a position to hire our graduates and learn what skills job applicants are expected to know was terrific.
- I enjoyed the entire day – it was a real eye-opener!
- Excellent idea for access to information a teacher can provide students.
- The entire day was one of the most helpful learning experiences I have had in my teaching career. The presenters did an excellent job. At every location I felt the atmosphere was one of cooperation, of working toward a common goal.
- Words cannot adequately express how much I enjoyed and appreciated the day.
- Gave educators the opportunity to hear viewpoints from a business standpoint.
- A thoroughly enjoyable and enlightening experience – one I feel the entire faculty needs to experience.

“From comments shared with me after the business and education study tour, I thought the day had been a positive experience. But the comments from our educators expressed on the evaluation summary just blew me away. What a rousing success!! Thank you again for all you did. I hope there will be an opportunity in the future for us to work together.”

Paula Thompson, Former Director
