ENGAGEMENT CONSULTING
AND EVENT MANAGEMENT '10
First Command Educational Foundation

**“Project Partners brought us
strategy, proven practices,
extraordinary implementation
and results. We are converts!”**

Vickie Mauldin, Executive Director
First Command Educational Foundation

Project Partners helped design, develop and implement First Command Educational Foundation's community introduction and donor recognition event for *Money Matters* at First Command Bank's Fort Worth headquarters. First Command Financial Services pledged \$250,000 to the foundation to support the *Money Matters* financial literacy curriculum program, designed to help school districts respond to the legislative mandate to teach financial literacy before high school graduation. Over 130 guests attended and an additional almost \$50,000 was pledged to fund the expansion of the program. Project Partners also developed the save the date card and invitation for FCEF's 3rd Annual "Chip-in for Education" Invitational Golf Classic.
