

PROJECT PROFILE

Facilities and Program Summary

(Soon to be renamed.)

Sports and Fitness Center at Bryant Irvin

Our board's focus during this new era:

- Significant capital improvements for 12 acres of recreation, fitness, and hobby activities for Association members
- Expanding our employee membership through an Affiliate Corporate Partnership program
- Renaming the Association

We look forward to your input during this important phase.

"Under our new plan, employees of Affiliate Corporate Partners will have the opportunity to participate as members of the Association at the Bryant Irvin site and the highly-rated Squaw Creek Golf Course in Willow Park."

- Greg Walker
Association Board President

Recreation | Fitness | Hobbies

- State-of-the-art fitness center
- Yoga and exercise classes; spin classes
- Personal training; massage therapy
- Youth and adult basketball, volleyball, racquetball
- Sand volleyball, softball, kickball, and bicycling
- Martial arts, belly dancing, art classes, bridge, and retirees club
- River-front pavilion; indoor multi-purpose room
- 18-hole golf course featuring bentgrass greens; a driving range and a fully-stocked pro shop
- Pottery, rock hounds, and stained glass
- Ballroom dancing, photography, jazz band, and more

Squaw Creek Golf Course at Willow Creek

CONSULTING & PROJECT MANAGEMENT '13, '14 Capital Improvements/ Reorganization Feasibility Study Lockheed Martin Recreation Association (LMRA)

Worked with LMRA manager and board to identify prospective affiliate corporate partners, develop survey tool and visuals, schedule and conduct interviews, compile and analyze data, and report results. Information provided will help the association make informed decisions as it moves forward as the Corporate Employees Recreation Association, without any subsidy from Lockheed Martin. Twelve acres of recreation and fitness facilities at the Bryant Irvin site remain after the sale of some of the recreation area at the Bryant Irvin site. The Squaw Creek Golf Course in Willow Park remains as well.

“Thanks for the good work on our behalf. The information gleaned and reported will be very valuable to us as we move forward with this transition.”

JD Smith, Manager
LMRA
