
PROJECT PROFILE

**CONSULTING AND FACILITATION FOR LONG RANGE
PLANNING COMMITTEE WORK AND BOARD RETREAT '15**
Senior Citizen Services of Greater Tarrant County

Project Partners was selected by the Long Range Planning Committee to provide consulting and facilitation services for a process of planning meetings, market research, and facilitation of a board retreat. Working with Joe Taylor, CPA-Chair of the Long Range Planning Committee, Jerry Mosman-Executive Director, and the committee members, the process helped the board determine the future direction of SCS by establishing clarity of vision for who SCS will serve and how SCS will best serve them. Watch for continued great work as this fine organization celebrates 50 years of service to the elderly of our community and brings their vision to life.

**“Thanks very much for all
your leadership and
guidance to make our board
retreat so successful.”**

Jerome Mosman, Executive Director
Senior Citizen Services of Greater Tarrant
County
