

PROJECT PROFILE

PRIVATE SCHOOL PREVIEW

The Finest in Education Gathered Under One Roof, '05 - '14
Texas Independent School Consortium of Tarrant County (TISC)

Coordinated this first-ever collaborative community event at TCU's Daniel Meyer Coliseum, which brings together more than thirty Tarrant County private schools offering local families a convenient opportunity to explore the benefits of private school education and the unique learning opportunities offered by each. Continued to coordinate the advisory team, logistics, community outreach and education, including the logo design and project web site, a referral program, media and major sponsor recruitment and participation, the budget, and the production and show flow.

“Thank you so very much for all of your hard work helping us coordinate the TISC Private School Preview event. You must know we wouldn't be able to do it without your organization and reminders! You are wonderful!”

Nancy Palmer,
Director of Admissions and Public Relations
Fort Worth Academy

“Project Partners took the lead, aptly directing a busy steering committee of admissions directors. They worked with us to positively engage schools, media, sponsors, community vendors and volunteers across Tarrant County to produce a community initiative that benefited many local families and will grow in years to come. We could not do without them.”

Barbara Waldron Jiongo M.Ed., Director of Admissions and Finance
Fort Worth Country Day School

“The steering committee is grateful for your leadership and happy to have your capable shoulders for things to fall on during the development of this new community initiative.”

Kathy Severson, Former Director of Admissions
Southwest Christian School
